Masihullah Sangari

Web Developer

✉ bilalsangar2003@gmail.com   📞 +93 773 097 210   🐙 *https://github.com/BilalSangari*

Full Stack Web Developer with 1+ year of hands-on experience in designing, developing, and deploying scalable and responsive web applications. Proficient in HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, Node.js, Express.js, and MySQL, with a strong focus on clean, maintainable, and high-performance code.

Successfully developed and maintained 3+ full-stack projects, including a responsive Online Library System and an advanced School & Courses Management Dashboard.

Started coding in school and have since evolved into a results-driven developer skilled in both frontend and backend technologies. Continuously learning and applying modern development practices to deliver high-quality digital solutions that enhance user experience and business efficiency.

Experience

Web Development Intern   *2024 - 2025*
Technical and Vocational Education and Training Authority (TVETA) — 6 Months

- Collaborated with a team of developers to design and develop modern, user-friendly web applications.
- Gained hands-on experience in full-stack development, UI/UX design, and database management.
- Assisted in maintaining and optimizing existing systems to improve performance and usability.
- Worked with various web frameworks and libraries to implement responsive and efficient solutions.

Full Stack Web Developer (Kalaam)   *2024 - 2025*
Online Responsive Library System — Team Project

- Built a full-stack web app using React.js and Express.js, featuring over 100+ book and magazine summaries.
- Implemented user authentication and an advanced search system, increasing user engagement by 30%.
- Designed and developed RESTful APIs for user interactions, content retrieval, and audio streaming.
- Integrated audio playback functionality and optimized the UI for mobile responsiveness.
- Used Git for version control and collaborated with teammates through branching and pull requests.

Full Stack Developer (Pana)   *2025*
School & Courses Management Dashboard — Team Project

- Currently developing a comprehensive school management dashboard for tracking and managing student and course data.
- Building modules for attendance tracking, grade reports, and course management with real-time data updates.
- Integrating data visualization and analytics tools to support administrative decision-making.
- Leading the front-end architecture and contributing to database design and system optimization using modern full-stack technologies.

Education

- **Habibia High School**   *2021*
  - GPA: 3.2
- **Rana University**   *2022 - Present*
  - Bachelor of Computer Science
  - GPA: 3.83

Skills

- Application Design
- Coding
- Security System
- Communication Skill
- Problem-solving
- Creativity
- Time Management
- Eye for Detail

Languages

- Pashto   (Native)
- Dari   (Native)
- English   (Professional)
- Urdu   (Good)

Courses

- **Ladu Muslim English Language Institute**   *2024*
  - Diploma in English language
  - certificate in English from Ladu International institute
- **Jawid Ibrahimi Institute**   *2023*
  - Certificate in basic Financial Accounting
  - Certificate in Quick Book
- **Udemy**   *2023 - 2024*
  - Full Stuck Web Development Bootcamp
  - Complete JavaScript and React Course
- **Permekhtag institute of higher Education**   *2022*
  - Certificate in IT (CIT)
  - Familiar with all Office package programs

Key Achievments

- Built a full-stack Online Library System with React.js and Express.js, featuring 100+ book summaries and audio playback.
- Boosted user engagement by 30% through advanced search and authentication features.
- Developed RESTful APIs for content management and user interactions.
- Led frontend design for a School Management Dashboard with real-time student data tracking.
- Collaborated using Git/GitHub for version control and team development.
- Delivered responsive, high-performance UIs with React and Tailwind CSS.
